

ANTHRACITE MINERS CLAIM AGREEMENT CAN BE ATTAINED

Refuse Immediate Understanding with Operators Relative to Production After August—Say Ample Time to Work Out Agreement if Each Side Works Diligently

(By The Associated Press)
ATLANTIC CITY, N. J., July 9.—The anthracite mine workers of Pennsylvania today refused to enter into an immediate understanding with the coal operators that the production of coal shall continue uninterrupted after August 31, in the event that a new contract shall not have been negotiated by that time with the understanding that the agreement subsequently arrived at shall be retroactive to September 1. The miners contended that there is ample time to work out an agreement if each side diligently applied itself to the task.

DOWN TO DARK CROSS COUNTRY TRIP DELAYED

Plane Forced Down By Engine Difficulties

(By The Associated Press)
ST. JOSEPH, Mo., July 9.—Dauntless and smiling Lieutenant Russell L. Maughan, army aviator who was forced to abandon his plane, to New York to San Francisco flight near St. Joseph today declared tonight another flight would be attempted within a week.

Lieutenant Maughan will fly back to New York Wednesday or Thursday of this week, he said, in the plane which broke down at Avenue City, about 9 miles northeast of St. Joseph. The plane was undergoing repairs this afternoon and Maughan expressed belief it would be in condition to use by tomorrow night. A clog in the gas line of his engine caused Maughan's first trouble, he said.

Drops Into Pasture.
He was within five minutes flight of the St. Joseph Municipal Air Field, fifteen miles away when his engine went dead. Maughan dropped into a pasture but in making a sharp turn to avoid striking a cow, two of the steel tubes of the leading gear of his plane gave way.

"Am I discouraged?" "I should say I am not," declared Maughan. "I'm the luckiest man in the world, why should I be discouraged? Could any aviator be luckier than I. Here I have an engine go dead above a pasture, suppose it had gone dead in that fog early this morning above the Allegheny mountains. I wouldn't be here to tell you about it."

Lieutenant Maughan estimated he made approximately 1320 miles in nine hours. He said that he was absolutely lost in a fog for 250 miles.

SWARTHOUTS GO TO NEW POSITIONS
(By The Associated Press)
DECATUR, Ill., July 9.—Donald M. Swarthout, for five years associate director of Millikin conservatory, today accepted an offer from the University of Kansas to become head of the fine arts department of that university. He had recently been appointed director of the conservatory following the resignation of his brother, Max Von L. Swarthout, who accepted a position as head of the piano department of the University of Southern California.

Both Donald and Max Swarthout are quite well known in Jacksonville. They were both for some time associated with the faculty of the College of Music in this city, and left Jacksonville for their field of work in Decatur.

BRITISH STAND ON REPARATIONS EXPECTED SOON

Prime Minister's Statement Eases British Public Opinion

(By The Associated Press)
LONDON, July 9.—Prime Minister Baldwin's announcement in the house of commons this afternoon that it might be possible for the government to make a statement on reparations Thursday has been manifesting increased impatience and concern over the failure of the cabinet to commit itself to a definite policy. It is anticipated that the premier's statement will furnish parliament and the public with a clear cut, comprehensive analysis of the whole subject. This may afford the opposition groups in the house opportunity for open debate and it is considered likely that before the week is out the Ruhr controversy will have entered a new and broader phase.

Whether this will involve subsequent action by Great Britain in dealing with Germany no one in authority would say.

Britain's Course Uncertain
The whole subject of reparations and Britain's probable course is enveloped in thick mists of diplomatic reticence, word apparently having gone forth from Foreign Secretary Curzon that neither France nor the public shall have any intimation as to what the government will do.

The opinion prevails in official circles that France is playing for time believing that Germany will capitulate before England can take independent action.

France, according to these circles, is convinced that Germany is on the verge of collapse, economically and that with her commercial disintegration the passive resistance, upon the cessation of which France has been so insistent, will automatically disappear.

Believes Germany Sound
Great Britain, however, feels that Germany also sorely pressed by France still has an abundance of reserve vitality and that she will ultimately weather the present storm.

Whatever turn the situation takes this week, it is considered likely that England will renew her suggestion for the appointment of an international commission of experts to examine into Germany's resources and determine her capacity to pay.

It is added that it is not improbable that the committee of experts appointed last year of which J. P. Morgan was a member, may be asked to serve again.

LUNDIN TESTIFIES IN SCHOOL CASE
(By The Associated Press)
CHICAGO, July 9.—Fred Lundin, who with 15 others is being tried for conspiracy to defraud the school board of \$1,000,000 today took the stand in his own defense and told the story of his rise from a bootblack and newsboy to a congressman and political power in Illinois.

Lundin was the last witness for the defense and after his categorical denial of charges of state witness that he controlled the affairs of the board of education under the regime of former Mayor William Hale Thompson and succeeded in having large school contracts awarded to firms in which he was interested the defense closed its case and the state started its opening arguments.

The case is expected to go to the jury by Friday.

AVIATOR KILLED IN PLANE CRASH
Columbus, O., July 9.—Russell A. Haines, commercial aviator, was killed and Ernest Rhodes, 28, was fatally injured late this evening when the airplane in which they were flying crashed to earth from an altitude of 600 feet, near Norton Field, east of here.

Rhodes, who recently purchased the plane, was being taught to fly by Haines, a former army pilot.

BODY OF MURDERED MAN IS FOUND NEAR ROCKDALE IN FIELD

Authorities Believe Was the Work of a Jealous Suitor

(By The Associated Press)
JOLIET, Ill., July 9.—Authorities are searching for the clues to the murder of Frank Muren, 20 years old of Rockdale, whose half nude body was found choked to death and with his hands tied behind his back to his ankles, concealed beneath a pile of hay at the side of a lonely road a half mile from the village. The body was clothed only in a suit of underwear. A blue shirt was tied around the neck with the sleeves of the shirt twisted about the man's throat so tight the cloth cut into the flesh. The body of the shirt was shoved down his throat.

Strangled to Death.
That the man was strangled to death was evident by the fact that his face was swollen to twice its normal size.

A farmer named Lucas cut the hay in the field where the body was found on Saturday and returned Sunday morning to rake it up. He noticed a pile of hay near the side of the road and thought that children had placed it there. Running a pitchfork into the bundle he felt the fork strike something soft. Lifting the top layer of hay Lucas saw the body of Muren.

Sheriff Malec was notified immediately.

It has been learned that Muren has been calling on Margaret Hagerman, a neighbor girl, Saturday night and left her home at midnight. Authorities here believe that the man was slain by a jealous suitor of the girl whom he was calling. She denies, however, that she had another suitor.

HARDING IN LETTER GIVES REASON FOR HIS ALASKAN TRIP

States That He Comes as An Apostle of Understanding

(By The Associated Press)
NEW YORK, July 9.—Lionel Gollub, president of the Woodrow Wilson club of New York University tonight announced receipt of a letter from President Harding in which the chief executive declared he considered himself not bound by the manifesto issued by the committee of 31 Republicans in 1920, asserting that his election to the presidency was the surest way of having the United States enter the league of nations.

The president declared, Mr. Gollub said that activities of the committee of 31 were "of course their own affair." The president's letter there was any obligation to redeem a pledge resting upon them and whether they were doing everything in their power to cause the United States to enter the league.

Secretary of State Hughes, answering a similar communication expressed the opinion that no obligation was assumed and no promise implied by the men who signed the manifesto.

DEPARTMENT STORE DESTROYED BY FIRE
(By The Associated Press)
Paris, Ill., July 9.—Fire today destroyed the department store of L. C. Price at Chrisman, Illinois, 14 miles north of Paris and threatened the entire business section. The Paris fire department responded to a call for help.

The loss was estimated at 20,000.

WHAT IS WRONG WITH NICHOLS PARK POOL
Contrary to the common belief the new swimming pool at Nichols park has not been leaking thru the small cracks in the concrete on the bottom. This is a condition common to all concrete and is only on the surface. The real leak is due to the asphalt striping that was used as a filler.

As the pool was left completed and empty for nearly eight months the strips contracted with the winter cold and refused to expand with the warm summer sun. They were removed and hot asphalt is being substituted with the expectation that the difficulty will soon pass.

INTEREST INCREASE IN LEAGUE BASEBALL

SMALLER CROPS ARE PREDICTED BY ALL REPORTS

Agriculture Department Issues Forecast of Production

(By The Associated Press)
WASHINGTON, July 9.—Smaller crops than last year were indicated in the July forecasts of the department of agriculture issued today for wheat, corn, rice, white and sweet potatoes, rice, hay, apples and peaches.

A tobacco crop 100,000,000 lbs. larger than last year's and a large production of oats, barley and flaxseed were indicated. This year's corn crop, although growing on a slightly larger acreage than was planted last year, will be some 14,000,000 bushels smaller than the 1922 crop owing to a poorer condition on July 1 than a year ago.

Production this year was forecast at 2,877,000,000 bushels.

Winter Wheat Showing
Winter wheat showed a slight improvement of a month ago but spring wheat showed a deterioration of 7.8 points in the month. The combined production forecast, however, is 4,000,000 bushels larger than the June forecast with a total crop of 821,000,000 bushels now indicated.

This year's potato crop probably will be 69,000,000 less than last year's record production this season's production being forecast at 382,000,000 bushels.

Crop Forecast Summaries
Wheat 586,000,000 bushels.
Spring wheat 235,000,000 bushels.

All wheat 821,000,000 bushels.
Corn 2,877,000,000 bushels.
Oats 1,284,000,000 bushels.
Barley 198,000,000 bushels.
Rye 68,700,000 bushels.
White potatoes 382,000,000 bushels.
Sweet potatoes 93,700,000 bushels.

Tobacco 1,425,000,000 pounds.
Flax seed 18,000,000 bushels.
Rice 33,100,000 bushels.
Hay 99,000,000 tons.
Apples 189,000,000 bushels.
Peaches 48,400,000 bushels.

The area planted to corn this year was announced as 103,112,000 acres, or 100.7 percent of the 1922 acreage. Area planted to other crops was announced as follows:
White potatoes 3,392,000 acres.
Sweet potatoes 1,007,000 acres.
Tobacco 1,762,000 acres.
Flax seed 2,285,000 acres.
Rice 883,000 acres.

MEETS DEATH WHEN TRAIN HITS TRUCK

(By The Associated Press)
ROCKFORD, Ill., July 9.—William Smith, 26, Freeport, was ground to death under the wheels of a Chicago, Milwaukee & St. Paul train today when a gravel truck he was riding was struck by a fast passenger train. Smith's skull was crushed and his brains were smeared on the truck and on the tracks for 200 yards. Both arms were broken. The truck hurled 50 feet was wrecked. Smith was to have married within the next two weeks, Miss Martha Frueh, whose brother, Motorcycle Patrolman Clarence Frueh, was murdered in Freeport a week ago Friday morning by an unknown assailant who himself was killed in trying to escape on Frueh's motorcycle.

BODY OF BALLOON PILOT IS FOUND AFLOAT IN LAKE

No Clue As to When Misfortune Overtook Aeronauts

(By The Associated Press)
PORT STANLEY, Ont., July 9 Lake Erie today yielded the body of Lieutenant L. J. Roth, pilot of the ill-fated U. S. Navy Balloon A-6698. Strapped to the basket of the balloon and clad only in his underwear around which had been tied a life preserver, Roth's body was found in the basket this morning fourteen miles off here, by Captain George Wilson, master of a fishing boat.

Apparently caught in the terrific storm of last Thursday night, Lieutenant Roth evidently took the precaution to strap himself to the side of the basket after divesting himself of his clothing, and then cut the basket loose from the big bag, trusting to the buoyancy devices with which the basket was equipped to keep it afloat.

Death From Exposure.
How long the basket was buffeted about the lake after the body was cut loose could not be conjectured, but the condition of Lieutenant Roth's body indicated that he died of exposure. His head and shoulders were hanging over the edge of the basket. The basket contained nothing to give an inkling of when misfortune overtook the two aeronauts. The basket together with the bag of the navy balloon, the latter recovered late Saturday are being held here pending advice from the naval air service at Washington.

Reports received here that the body of Lieutenant T. B. Null, the other occupant of A-6698 had been found in Lake Erie near Point Pelee today, were found to be incorrect tonight when the body was identified as that of Albert A. Yost of Akron, Ohio.

Identify Body Found.
Port Leamington, Ont., July 9.—The body of a man found partially buried in the sand on the shores of Lake Erie, near here today was identified tonight as Albert A. Yost, about 35 years old, an employee of the Goodyear Rubber Company, Akron, Ohio. First reports indicated the body was that of Lieutenant A. B. Null missing balloonist.

The man had been dead about two weeks.

DEMPSEY-GIBBONS FIGHT AFTERMATH

(By The Associated Press)
GREAT FALLS, Mont., July 9.—The Stanton Bank and Trust company of Great Falls closed its doors today, George H. Stanton, president was prominent in the financing of the Dempsey-Gibbons fight at Shelby, Montana on July 4. The bank closed its doors in voluntary liquidation.

Failure to meet the morning's clearings and realize upon its assets was given the reason. The bank had a capital of \$250,000 and deposits of \$600,000. George H. Stanton announced the bank was solvent and every dollar would be paid to depositors.

GOVERNOR TO PARDON THE FATHER OF SIX

(By The Associated Press)
WAUKEGAN, Ill., July 9.—Simon Rodriguez will be returned to his six motherless children here according to word received today from Governor Small who said he would pardon the man who is serving a term in Joliet penitentiary for striking with his fist and killing Martin Drahovsky, a fellow workman at a smelting plant.

The wife of Rodriguez died after he had been sent to the penitentiary leaving his children motherless. It was also announced that he will be given his job at the factory where he had been employed.

COOK COUNTY JURY BREAKS RECORD IN SENTENCING WOMAN

Mets Out Death Penalty to White Woman for First Time in History of County—Same Sentence Given Second Husband—Found Guilty of Murdering Woman's First Spouse

(By The Associated Press)
CHICAGO, July 9.—For the first time in the history of Cook county a jury today meted out the death penalty to a white woman when Mrs. Sabelle Nitti Crudelle and her second husband, Peter Crudelle, were found guilty of the murder of Frank Nitti, Mrs. Crudelle's first husband, and death was decided on for both.

The jury returned its verdict after less than two hours' deliberation. The woman and her husband were convicted largely thru the testimony of Charles Nitti, 16 year old son of the woman.

Mrs. Crudelle who cannot understand English apparently did not understand the words of the clerk who read the jury's verdict, and remained unmoved as a murmur ran through the crowded court room. Crudelle who understood the purpose of the verdict also gave no evidence of emotion.

Move for New Trial.
Attorneys at once made a motion for a new trial which was set for hearing Saturday.

Frank Nitti, a truck farmer, disappeared July 29, 1922. Shortly thereafter Crudelle, a border at the Nitti home, and Mrs. Nitti were married. Charles Nitti, the son, told the authorities that Crudelle had killed his father with a hammer as Nitti lay asleep and that Mrs. Nitti held her husband's hands while Crudelle struck the blow. The boy said Crudelle had forced him to help dispose of the body.

Boys' Evidence Used.
An indictment was voted but was dismissed when no trace of the body was found. On May 9, however, Nitti's body was found concealed in a catch basin. Crudelle, his wife and Charles Nitti were then indicted for murder but the case against the boy was nolle prossed. The boy's evidence and that of James Nitti, his brother, was relied on largely by the state. Crudelle is 23 years old and his wife in her marriage license said she was 39 but her son declared she was 46.

Records of the criminal court extending back over many years show that 30 women were acquitted of murder in Cook county without a single conviction. Years ago a creole woman was sentenced to death for murder, but the sentence was never executed.

SCOTIAN MINERS VOTE TO STRIKE

(By The Associated Press)
GLACE BAY, N. S., July 9.—Miners in the Waterville, Thorndun and Stellarton sections of District No. 26 of the United Mine Workers of America voted tonight for a 100 per cent strike in support of their demand for liberation of Dan Livingstone, president and James B. America isn't much on border fortifications, but we have a wonderful three mile line.

At least a consumer nowadays gets the worth of his money when he buys a bushel of wheat.

Maybe they are called bumper crops because they bump the farmer.

THE PRIZE WINNER.
Edward Bok, of the Curtis Publishing Company, has offered a prize of \$100,000 for the best world peace plan. It is suggested he give consideration to President Harding's statement at Denver: "I want to tell you that if ever there is another war we will do more than draft the boys. If I have anything to do with it we will draft every dollar and every other essential."

NEITHER BOOM NOR GLOOM.

M. L. Jenks, a New York financier, after surveying business conditions around the country, went back home and reported

that he found "no reason for either boom or gloom."
In the Middle West, which he observed particularly, he found that bankers, merchants, manufacturers and farmers could not understand at all the pessimism which has been gathering in the financial district of New York in recent weeks.
American industry, he reports, is "basically in a healthy condition," and any uncertainty which exists is due to caution in not overstimulating production. There seems to be no danger of such a condition, and there is certainly no indication as yet of any buyers' strike.

WHAT IS AN AMERICAN?
Probably to nearly every citizen of this great land America means the spot in which he lives and which holds for him, the dearest associations. If he journeys to another section his view of America widens, and it changes takes him across the continent, east or west, north or south, his vision of his country grows in strength and beauty.

We have been told many times that there is no typical American and it is indeed hard to define one when the many persons who go to make up the composite citizen are considered separately. Honore Willis Morrow, answering her little son's question, "What does it mean to be an American?" found it hard to express.

She thought of New England and Virginia and their contribution to American history, of the great Mississippi valley and its contribution to the world's food supply. She thought of the West and the years of pioneering that went into its making, and of the pioneering now going on in Alaska. She thought of the vast reclamation projects which are to turn thousands of acres of sand into fertile fields and orchards. She thought of the Panama canal and what it has meant to the commerce of the world.

Then she tried to sum it all up. To be an American is perhaps to sacrifice, to produce, to pioneer, to create, to build, to serve. She found when she was

through that she hadn't made a clear definition. But she has suggested some of the traits that we like to consider typically American and in which, as a comparatively young nation, we take just pride.

WELL KNOWN CASS COUNTY WOMAN DIES

The funeral of Mrs. Robert E. Anderson was held at the residence in Ashland, Monday morning. The services were in charge of Rev. J. A. Betcher and were largely attended. The remains were taken to Illinois where further service was held at the Christian church, in charge of Rev. C. E. Barnett. Interment was made at Riverside cemetery there.

Mrs. Anderson, who has long been a resident in Ashland, was known to a great many Morgan county people. Mr. and Mrs. W. J. Lucas, Mrs. Carl Newport and William Lucas, who are relatives, attended the funeral service.

Mrs. Anderson is survived by her husband, two sons, E. P. Correl of Tryumga, Cal., and C. D. Correl of Illinois. There are also two sisters, Mrs. Margaret Cantrell of Altadena, Cal., and Mrs. Adeline Ishmall of Chicago, together with one brother, L. H. Teden, residing in Kansas City.

SCHOLFIELD FUNERAL WAS HELD YESTERDAY

Obsequies for Prominent Resident of Lynnville Neighborhood Held Monday Afternoon—Facts of Life are Given

Funeral services were held yesterday afternoon over the body of the late Frederick W. Scholfield, long prominent as a churchman and farmer in the western part of the county.

The services were held at 2 o'clock at Lynnville M. E. church in charge of the pastor, Rev. G. T. Wetzel, assisted by Rev. Bracon and Rev. A. Powell, of Woodson. The scripture lesson was read by the Rev. Mr. Powell, and Rev. Mr. Braconwell read the obituary and offered prayer. Rev. Mr. Wetzel, who delivered the funeral sermon, took as his text Paul's writing to Timothy, 4:6, "I have fought a good fight, I have finished my course, I have kept the faith."

A large number of friends attended the obsequies and witnessed the burial, which was in Diamond Grove cemetery. Frederick W. Scholfield, a prominent farmer of Lynnville community, died at Passavant hospital Saturday, July 7, 1923, at 11:45 o'clock A. M. At the time of his death he was 73 years, 7 months and 22 days of age.

The deceased was born on a farm four miles southeast of Lynnville Nov. 15, 1849, and was the son of Mr. and Mrs. James Scholfield. In his father's family were also Thomas, Mary Ann and Harriet, who preceded the deceased in death; and James and John, who survive. He attended and later graduated from the common schools of this county, and received his secondary education in Whipple Academy at Illinois College of Jacksonville. On Feb. 5, 1874 Mr. Scholfield married Miss Sarah Bussey, and to this happy union were born the following children: Hattie, wife of Walter Fearnough, who died Jan. 20, 1917; Charles F., who resides on a farm near Lynnville, and William F., who lives on the home place.

Mr. Scholfield followed the occupation of farming and was accounted successful in the work of his choosing. He is remembered, however, in the minds of his fellow men not because of a certain degree of success in that enterprise, but rather because of the righteous, upright life he lived.

He was prominent in the work of the Methodist church and Sunday school serving both as trustee and Sunday school superintendent. An educated man himself, he took a great interest in education, particularly the common branches, and served as member of the board of directors of Elm Grove school for many years.

He is survived by his wife, Mrs. Sarah Scholfield; two sons, Charles F. and William F.; two brothers, James, of Fort Scott, Kansas, and John, of Gardena, California; eight grandchildren, Grace, Clarence, Oran, Hattie May, and Freddie Fearnough; Rexal Shirley and Allan Scholfield, also a host of relatives and friends.

NEW HOTEL NAMES

The fact that the directors of Jacksonville hotel project will probably meet soon and take steps for organization has resulted in increased interest in the name of the new hotel. T. V. Archer, principal of the State School for the Deaf, suggests that "The New Era" would be an admirable name for the hotel. Mr. Archer's thought is that a new era is dawning now for Jacksonville and that the hotel is going to help in this advancement. A. W. Becker suggests "The Palace" as an appropriate name. Hotels in a number of the cities are so designated.

HOME OF N. J. GOSS DESTROYED BY FIRE

Family Has Narrow Escape as The Awake in Burning House—Residence and Contents Are Total Loss

The two story residence just north of Nichols Park belonging to the city and occupied by N. J. Goss and family was totally destroyed by fire between 10 and 11 o'clock Sunday night.

The family did not awaken until one side of the house and the roof were in a mass of flames. Mr. Goss was the first to wake and as soon as he realized the danger he awakened his wife and got her and their little son out safely. A crowd of autoists came over from Nichols Park but were unable to save anything except a few of the smaller articles. The barn was also in danger but volunteer firemen succeeded in saving that building and contents.

The house, which is the second one the north side of the road after crossing the Alton tracks has been occupied by the Goss family since 1921. Mr. Goss is a newspaper collector and solicitor.

The cause of the fire is unknown but is believed to have started near the kitchen. Mr. Goss states that the loss is only partly covered by insurance.

URANIA LODGE IN REGULAR MEETING

The regular meeting of Urania Lodge No. 243 I. O. O. F. was held Monday evening with Ruby York, the newly installed noble grand presiding.

Despite the warm weather, a good attendance was had. A. C. Baldwin, acting as district deputy grand master installed J. H. Campbell as chaplain and C. C. Whiteman as inside guardian, which completes the installation of officers for the term.

The noble grand appointed J. H. Campbell, Roy Richardson and William J. Roberts as the finance committee for the lodge.

Plans were made for putting the paraphernalia and regalia of the lodge in first class shape in order that no delay will be experienced when the next class is ready for initiation. Candidates are already being signed up and it is hoped that the work can be given in September.

UNION SERVICES

INCREASE IN INTEREST

The union church services Sunday evening attracted the largest audience yet, many seats being needed from the church in addition to the regular supply of chairs. The music by the Merritt band was a very enjoyable feature. The opening prayer was by Dr. W. E. Spoonits and the sermon by Rev. George E. Stickney, pastor of the Congregational church. His theme was "Lest We Forget," and he dwelt on some of the lessons of the great World war that should ever be kept in mind.

The gentleman himself is an overseas veteran having taken part in some of the strenuous campaigns of the conflict, he was well qualified to speak. His address had no tone of bitterness or revenge but was directed to the lessons all should learn and remember. Might doesn't make right and the nation which sets out to conquer the world on that assumption must come to grief. The noble sacrifice made by this country unselfishly should ever be remembered and now an era of peace and good will should dawn on the world.

The singing was a fine feature of the evening and the solo by Homer Wood was well received. The benediction by Dr. Thomas Smith, pastor of Westminster church, closed the exercises.

GUESTS AT COUNTRY HOME

Early Sunday morning about 24 neighbors and friends gathered at the country home of Mr. and Mrs. Henry Wax northwest of the city and then proceeded to Mercedia. Here they supplied themselves with catfish and went to the camping grounds where they cooked the fish in true camp style with the contents of the well filled baskets furnished a grand dinner. Those in the party besides Mr. and Mrs. Wax and family were Mr. and Mrs. Dio K. Duke and family, Mr. and Mrs. Charles Hadden and family, Mr. and Mrs. Cree Smith and family, Mr. and Mrs. Oscar Brainer, Mrs. J. H. Caldwell and daughter, Miss Leah, Mrs. Bolle and daughter, Miss Helen, Miss Amanda Pfeil and Miss Mae Spaulding. The day's pleasure included a long boat ride on the bay. They returned home late in the evening each one saying they had a most happy day.

WINCHESTER MAN HAS BAD ANKLE FRACTURE

William Wainwright is Seriously Injured When Foot is Caught Under Overturned Car—Union Service Held—Man Hurt in Fall from Wagon

Winchester, July 9.—William Wainwright of this city, was seriously injured late Sunday afternoon, while riding in an auto in company with his son-in-law, Fred Peak, and his grandson. They were ascending a steep hill on a rough road several miles south of here when the car suddenly stopped. Mr. Wainwright left the auto to investigate the trouble. The car suddenly started again and he stepped upon the running board. As he did so the machine turned turtle, pinning his right foot beneath it, and fracturing his ankle.

Two bones of the ankle were broken and the foot was badly crushed. The injured man was removed to his home and Dr. Fletcher of this city was summoned. It was thought for a time that the foot would have to be amputated. However, at last reports Monday evening, Mr. Wainwright was resting easier, tho the full results of his injury cannot yet be determined by his physician.

Union services were held in the Christian church Sunday evening, with a large congregation present. Rev. Mr. Elmore read the scripture and offered prayer. The choir furnished several selections. Rev. Mr. Bayless delivered the sermon and Rev. Mr. Nordling offered prayer. Miss Pearl Wilson and Wesley Andell gave a vocal duet. The benediction was by Rev. Mr. Nordling.

Paul Switzer of Pekin visited relatives here Sunday.

Mrs. Grant Mader was a visitor in White Hall Sunday a guest at the home of Mr. and Mrs. Alonzo Tills.

Mr. and Mrs. Tom Lashmet arrived here Saturday evening on route to their home in East Prairie, Mo. They had been visiting relatives in Galesburg.

Henry Thompson met with a painful accident Saturday morning. He was sitting on a barrel riding on a wagon. The barrel was thrown from the wagon while passing over some rough roads, and Mr. Thompson was thrown to the ground. His shoulder and arm were badly bruised but no bones were broken.

PLAN TO MODERNIZE

OLD PEOPLES HOME

J. H. Mohor, secretary of the Benevolent Association of the Christian church, with headquarters in St. Louis, was in the city yesterday to inspect the Old People's Home and see what is needed to make the institution's building more modern. He was accompanied by Treasurer Grant and Architect Lynch, of the same organization who will make plans for the modernization and will then submit them to the board of management of the home, of which A. C. Rice is president.

BIRTHDAY SURPRISE FOR RAYMOND SHEPPARD

The home of Mr. and Mrs. S. S. Sheppard near Woodson was the scene of a very pleasant family gathering Saturday, the affair being in honor of the thirty-first birthday of their son, Raymond Sheppard. Among those present were people from Murrayville, Jacksonville, Woodson and Moxdesto, and they spent the evening very pleasantly with games

and music. Dainty refreshments of ice cream and cake were served. The guests departed at late hour wishing their host many happy returns of the day.

Enjoys Good Meal for First Time in 4 Years

"For the first time in four years I am enjoying my meals and I can never praise Tanlac enough for it," said Mrs. Ara N. Helterbrand, 711 2nd St., Peoria, Ill., the other day.

"My stomach was terribly disordered and gas from my undigested food would press against my heart until it nearly suffocated me. Bileous attacks and headaches just wore me out, and I was so overcome with dizziness at times I couldn't stand up. My nerves were shattered, and sleep was almost impossible. I believe it was only by getting Tanlac when I did that I avoided an operation."

"But my troubles are a thing of the past now for the Tanlac treatment has restored me to perfect health. I used to have to let my housework go undone, but now I have so much strength and energy that I am setting a table for seventeen people. Tanlac is the greatest medicine made."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

MANCHESTER COUPLE UNITED IN MARRIAGE

Miss Eva Lawson and George Little Were Married Saturday Afternoon—Other Manchester News of Interest

Manchester, July 9.—George Little and Miss Eva Lawson were married Saturday afternoon by Elder N. M. Antrobus at his residence here. The bride is the daughter of Mr. and Mrs. Fred Lawson, residing north of Manchester. The groom is the son of Mr. and Mrs. James Little, west of town and is a farmer by occupation. Both have many friends who extend congratulations.

Mrs. T. M. Whitlock was very pleasantly surprised on Saturday evening by the members of the Ladies' Aid of the Christian church. The affair was in the nature of a donation party, each member taking a jar of fruit to replace a loss caused by a shelf giving way a short time since in the cellar in which Mrs. Whitlock's fruit was stored. Mrs. Whitlock although completely surprised soon regained composure and proceeded to make her guests welcome and expressed her thanks to the ladies for their offering.

WOMEN OF MIDDLE AGE

Relieved of Nervousness and Other Distressing Ailments by Lydia E. Pinkham's Vegetable Compound

Brooklyn, N. Y.—"I first took Lydia E. Pinkham's Vegetable Compound four years ago, and am taking it now for the Change of Life and other troubles and I receive great benefit from it. I am willing to let you use my letter as a testimonial because it is the truth. I found your booklet in my letter box and read it carefully, and that is how I came to take the Vegetable Compound myself. It has given me quiet nerves so that I sleep all night, and a better appetite. I have recommended it already to all my friends and relatives." —Mrs. ENGLEMAN, 2032 Palmetto St., Ridgewood, Brooklyn, N. Y.

For the woman suffering from nervous troubles causing sleeplessness, headache, hysteria, "the blues," Lydia E. Pinkham's Vegetable Compound will be found a splendid medicine. For the woman of middle age who is passing through the trials of that period, it can be depended upon to relieve the troubles common at that time.

You should give it a fair trial now.

It is expected to have a number of speakers associated with the farmer movement to take part on the picnic program.

A CORRECTION.

The recent announcement of the death of Lara Suhay was in error. It should have been Lara Fox. The announcement of the death of Mr. Fox in a railway accident near Denver was received here by Mrs. Minnie Suhay from his mother Mrs. Laura Fox. The Fox family left this city about twenty-five years ago, and settled in the west. Mr. Fox entered the employ of a railway and became an engineer which position he has held for many years. He is well known to many of the older residents of Jacksonville.

FUNERAL OF ASHLAND WOMAN HELD MONDAY

Remains of Mrs. Robert Anderson, Sr., Taken to Illinois for Burial—Other Ashland Items

Ashland, July 9.—Brief funeral services were held at 2 o'clock Monday at the M. E. church for the late Mrs. Robert Anderson, Sr. The services were of an impressive character and were in charge of the pastor, Rev. J. A. Betcher.

Following the services the remains were taken to Illinois, Ill., for burial.

The death of Mrs. Anderson occurred at 4 o'clock Saturday afternoon after an illness of three weeks. The deceased was 66 years of age at the time of her death and was one of the best known residents of the Ashland community.

Richard Fernandes was a Monday visitor from Route 3.

Pimples

BLOOD impurities are pumped by the heart into the face. That is what causes that grainy appearance, that muddiness, sallowness, pimples, blackheads, acne, red spots, and that impossible "something" which no face cream, massage, or face powder can cover up or beautify! The foundation for a beautiful skin simply is not there, and no face treatment can give it to you. But increase your red-blood-cells,—and quickly the ruby tint of purity begins to glow in the cheeks, the complexion becomes Venus-like and immaculate! Try it. It will do it every time. S. S. S. builds the red-blood-cells you need for a beautiful complexion. Begin using S. S. S. at once, and give yourself what you have been working for, for years.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Thinned Out Motor Oil Means Thinned Out Power

ARE you sinning against your car, by using a thinned out motor oil? If so, stop now before the bearing surfaces are worn and cut. An oil of poor body and wrong viscosity thins out very quickly in summer.

Thinned out motor oil means short life to the bearings and frequent renewal. It means an insufficient oil film between all metal surfaces, and a consequent leakage of power.

Follow the chart.

Use Polarine

THE PERFECT MOTOR OIL

Made in Five Grades

One of these grades—the one specified—is exactly right for your car. Experiment means risk. Don't tamper with the delicate lubrication system of your machine. Use Polarine, and make sure of maximum mileage and true economy by draining your motor oil every 500 miles and refilling with Polarine.

You will be delighted to find that Polarine lessens carbon deposit—lessens power waste—cuts cost of cleaning valves and spark-plugs—saves cylinders to longer life.

Trained chemists have co-operated with Lubricating Engineers to find just the grade of Polarine your car should have. Polarine in all grades as specified, is scientific. That is why Polarine is the best lubricating oil for every frictional surface under all mechanical and thermal conditions. Polarine is made from crude oils selected exclusively for their high lubricating values.

Demand for Polarine is increasing steadily and constantly. Drivers are finding that Polarine is the indispensable oil. Over 25,000,000 gallons of Polarine were sold in 10 Middle Western States in 1922.

KEEP FIT AND YOU WILL HARDLY FEEL THE HEAT

Get Your System in Perfect Order by Taking Dr. Thacher's Liver and Blood Syrup and You'll Feel Fine and Ready for Work or Play Regardless of Hot Weather.

Thousands of people everywhere have found that taking Dr. Thacher's Liver and Blood Syrup is the best way on earth to overcome the depressing effects of the wilting heat of summer and enable them to do their work with a vim and enjoy their hours of play to the fullest extent.

In hot weather the system "lets down," the liver becomes sluggish, and the whole body lacks tone and vitality. So to enjoy a vigorous health in the summer as you do in the cooler months, and to feel yourself vibrating with vim and energy and the joyousness of rich, red blood coursing through your veins, you must aid Nature in eliminating wastes and in renewing the strength-giving red cells of the blood.

Don't wilt in the blistering heat. Go to the nearest Thacher agent today. Begin taking Dr. Thacher's Liver and Blood Syrup and learn how easily you can build yourself up so you will hardly notice the hot weather. You'll like the treatment, too. Thacher's is pleasant tasting, harmless and sold upon the absolute guarantee of your money back—the first bottle does not help you.

There is a Thacher agent in every town. Sold in Jacksonville by Coover Drug Co.—(adv.)

TRIAL OF JURORS ON JURY-FIXING CHARGE NEARS END

Were Members of Jury Which Tried Governor Small Year Ago

WAUKEGAN Ill., July 9.—(By The Associated Press)—The trial of Juror J. B. Fields, Eddie Courtney and Eddie Kaufmann, charged with conspiracy to corrupt the jury which tried Governor Small in Lake county last summer, entered the final stages today with the completion of the state's case. The case is expected to be in the hands of the jury before the end of the week.

The testimony of defendant Kaufmann in chambers that Attorney General Edward J. Brundage of Illinois had offered to connect him with a "brewery" where he would not have to "bother with cartage and would make twice as much money," was a feature of the day's proceedings. Kaufmann's sworn testimony was made in argument on admissibility of statements alleged to have been made by Kaufmann while he was in jail last December on charges of rum running.

The state's attorney called on him in person in the Evanston jail, Kaufmann said, and offered to help him establish the more profitable connection if he would reveal what he was believed to have known regarding alleged attempts to influence the jury in the governor's trial.

Kaufmann told the attorney general, he declared that he knew nothing of the case. The defense has approximately 100 witnesses to hear.

Defense Calls Witnesses
More than a dozen character witnesses were called today by the defense.

W. Rossing, a deputy sheriff of Lake county, and a garage owner of Antioch, testified he had known Fields for seven or eight years. He knew him to be of good character, he said. Questioned concerning Fields' activities and associations after he had been subpoenaed for service in the Small trial, the witness said he never had seen him in the company of Courtney or Kaufmann. He never had seen either of the two other defendants prior to coming to court in the present case, he said.

He believed from his experience in the same town with William J. Riley one of the state's principal witnesses that the latter was of "very bad" reputation "for truth and veracity."

Similar testimony was offered by seven other defense witnesses.

Explains Appointment
William Stratton, chief state game and fish warden for the state testified he appointed Juror Field a deputy at one hundred and twenty five dollars a month shortly after the acquittal of the governor. Nothing in the governor's trial was considered in the appointment. Stratton testified nothing but his own discretion as chief warden influenced the appointment, he said.

DR. BAKER AT HOME
Dr. E. F. Baker, who for nearly two years past has been resident at Maplewood sanatorium on South Diamond street, is now at his West State street home, where he will have the care of his step-son, William H. Slater. It will be gratifying to Dr. Baker's many friends to know that his health is now somewhat improved.

RELEASED ON BAIL
Kenneth Pennell, who has been in jail for several weeks pending grand jury investigation of a statutory charge, was admitted to bail yesterday. Justice Bayha had fixed the amount of bail at \$4,000 and relatives of the accused young man were able to secure responsible sureties.

CAN NOT KEEP HOGS
WITHIN CITY LIMITS

New Sanitary Measure Adopted by City Council. Interest in Proposed National Gas Line is Sought—Officers Reports Adopted.

The Jacksonville city council at the session last night indicated its interest in any proposal to pipe natural gas to this city. The matter came up for discussion when H. P. Green as attorney for W. D. Cody and others, asked that the council grant a franchise. After discussion in which the council indicated a friendly interest, it was decided that the rights of the city under existing law would be investigated by the city attorney and an early report made to the council.

An ordinance was passed with an emergency clause making it unlawful to keep hogs within the city limits. The ordinance is to take effect 60 days after its legal publication.

The council met at the usual hour with Mayor Crabtree presiding. The roll call by City Clerk Scott showed present Aldermen Blasse, McGinnis, Chumley, Fairbank, Harmon Sorrells and Rowe.

Officers Reports

Reports of officers were presented and made a matter of record. Chief of Police Kiloran reported 36 arrests and a total of fines collected of \$188.60. The arrests were for the following causes: assault and battery 2, disorderly conduct 12, assault 1, bootlegging 8, others on general charges.

The report of W. H. Cobb, water superintendent showed collections from miscellaneous sources \$124.30; from water rentals \$4,753.77.

The report of H. C. Clement, city treasurer, showed balance in the general fund of \$938.88.

C. O. Bayha, justice of the peace, reported fines collected \$82.90; city costs \$39.70.

The number of burial permits as shown by the report of John Pires, sexton Jacksonville cemetery, was 10.

City Clerk Scott reported receipts through his office of \$620.73. Diamond Grove cemetery \$1,147.80, Jacksonville cemetery \$273.15.

The report of Dr. R. V. Brokaw, city health officer, showed total deaths 37, births 34, contagious diseases reported: chicken pox 1, diphtheria 1, erysipelas 1, measles 3, mumps 23, pneumonia 4, scarlet fever 1, tuberculosis 4, typhoid fever 1, whooping cough 5.

Hog Pens Abolished

The ordinance providing for the abolishment of hog pens was introduced by Alderman Harmon, as chairman of the public health committee, and the second was by Alderman Chumley. A brief description of hog pen conditions was given by Dr. Brokaw showing that there are 118 pens in the city, housing 511 hogs. He explained the real danger to public health that these hog pens constitute.

There was some discussion among the aldermen as to the time to make the ordinance effective and finally 60 days was agreed upon and the ordinance was unanimously adopted.

Alfred Larson, Oscar Ingram and Edward Harmon were among citizens who spoke in favor of the ordinance. Richard Lewis, who keeps a number of hogs at his place on Eby street, was not greatly in favor of the ordinance.

City Clerk Scott displayed a hard road sign board of the type the state department wishes to place on certain streets in Jacksonville to indicate the direction to hard road routes. Authority was given for the placing of the signs in conjunction with the city street department.

William Coverly brought to the attention of the council some matters relating to sidewalks on Hardin avenue, which will be investigated.

Alderman Fairbank as chairman of the finance committee presented summarized figures to show expenditures in each department for the first six months of the year by comparison with the amounts appropriated for the department.

Talk About Gas Supply

H. P. Green as attorney for W. D. Cody, referred to the wishes of C. M. Sarber and C. V. Brent of Kansas, associates of Mr. Cody to pipe gas from the field east of the city. Mr. Green said that Mr. Cody and his associates had not been able to reach any satisfactory understanding with the Illinois Power and Light Co., and desired to have the sanction of the council to distribute gas to Jacksonville consumers.

Dr. Edward Rowe said that the city should move very cautiously in this matter and that it would find its rights very much hedged about by statute. He said that natural gas would be a great boon to the city and that no obstacle should be laid in the way of providing this gas if available for general use.

Edward Lonergan mentioned that 10 or 12 years ago a company mined gas into the city and then suddenly went out of business. He said that in any arrangement made now that some definite agreement should be furnished by the men seeking the franchise.

The council gave Mr. Green assurance that they looked with favor upon any company which will actually pipe the gas into the city. Mayor Crabtree said further that it could easily be understood that the pipe system owned by the local company is the only natural method of distribution, as the laying of new

DEATH OF NEGRO IS
PROBED AT INQUEST

Jury Makes Inquiry into Shooting of Frank Houston—Recommends Holding of William Stalls to Grand Jury.

The coroner's inquest over the body of Frank Houston who was shot by William Stalls on North West street on the night of July 5th, and who died Saturday as a result of the wounds, was held at the Gillham Funeral Home Monday morning at 9:30 o'clock. The jurors were: H. H. DeWitt, John S. Easley, Charles L. Starks, W. B. Briscoe, R. H. Hackley and W. H. Parish. Willard Wesner acted as clerk. State's Attorney Carl E. Robinson and Attorneys J. J. Reeve and Hugh Green were also present.

Henry Johnson, 340 N. West street testified that the two men were having an altercation in front of another house and when asked to move they came in front of his house. Stalls had a gun in his hand and Houston was carrying a knife. Stalls followed Houston down the street to the front of the Johnson house. He heard Stalls say, "You have robbed me and I want my money," Houston told Stalls "You won't shoot me" and Stalls fired the first shot which apparently did not take effect. Stalls then fired again and Houston fell. Heard the third shot but did not see it fired. Saw Houston get up and start away after he had fallen down. Did not see any knife in the hand of Houston when he fell.

Dr. H. C. Woltman testified as to the nature of the wound and stated that he did not believe that Houston could have walked after entering the right hip cut through a knuckle of an intestine and buried itself in the left hip joint half of the bullet resting in the hip hacket and half in the head of the bone and acting as a nail to hold the two together.

Arthur Abbey stated that he was in a crap game with Houston Stalls and Rich Washington at Washington's house about 6 o'clock. That he stayed until they "cleaned" him and then went home. He stated that when he left Houston was winning Stalls' money. Did not know how much Stalls lost to Houston.

Chief Frank Kiloran testified as to the size and make of the revolver.

Mrs. David Johnson, 346 N. West street stated that when Stalls fired the second shot Houston fell between her feet at her front gate and "I moved." The two men were about 10 or twelve feet apart when Stalls fired the second shot. Did not wait to see whether Houston got up after falling or not. "I got away from there."

The jury found that the deceased came to his death from a bullet wound from a revolver held in the hand of William Stalls and recommended that he be held to the grand jury with bond.

Stalls is still in prison but it is rumored that an attempt will be made to obtain a bond for him.

WOMEN MADE TRIP TO
SPRINGFIELD SUNDAY

A number of the members of the Golden Rule Bible class of Mt. Emory Baptist church motored to Springfield last Sunday, accompanied by Woodson Dawson. They arrived in time to attend the services at the Pleasant Grove Baptist church in Springfield, of which Rev. Mr. Beckum is the pastor and T. W. Varrick the Sunday school superintendent. This Sunday school is a well organized and modern one in every respect and the local people greatly enjoyed attending the session.

A basket dinner was enjoyed at the close of the morning service and later some time was spent in a very pleasant social way. The local women who made the trip were Mrs. Lulu Sutton, Mrs. Nellie Mounts, Mrs. Moore, Misses Beatie Johnson, Anna Wilson and Susie Lynch.

FRANKLIN HOMEMAKERS
CIRCLE TO MEET TODAY

The Franklin Homemakers Circle will meet this afternoon at the home of Mrs. Samuel Camm in Franklin. The members will respond to roll call with hints for vacationists. There will be two papers presented during the afternoon. Mrs. Milton Seymour will discuss "Camp Life for the Amateur," and Mrs. Nina Lewis will have a paper on "Our Common Weeds." After a discussion of current events will come a social hour and the serving of refreshments.

WILL DRIVE TO COAST.

G. W. Allen and family of Virginia came to the city yesterday and this morning will start for Los Angeles, Calif., making the trip by auto. It is their expectation to locate somewhere in the coast state. Mr. and Mrs. Allen formerly resided in Morgan county and have a large number of friends in this vicinity.

PLEADS FOR PARDON

Roy Evans who was sentenced from this county to the penitentiary for a period of from one to 10 years has presented a petition for pardon before the pardon board at Springfield at the hearing set for today. At this time there will be 30 cases considered most of which are from Cook county.

main would cost an enormous sum.

Joseph Estaque asked that the public improve tax record relating to an East College avenue lot be straightened out on the records.

After the discussion of some other matters the council adjourned.

SCORES OF HORSES
CROWD RACE STABLES

Flood of Entries Received for Big Racing Program Here on July 19 and 20—Barns on Grounds are Full and Others Being Leased—More Horses on the Way.

Nearly one hundred horses are expected to be entered the coming race meet to be held at the county fair grounds on July 19 to 20. Thirty-two horses are already quartered in the barns on the grounds and thirty-eight more are expected to arrive in the next few days. Every available barn in the west end convenient to the track has been leased by the fair association, and still the officials are searching to find room for the horses which are constantly being entered. Seven additional horses arrived Sunday night from Benton Ill.

Horses have been entered from Indiana and Ohio and from nearly every section of Illinois. About twenty racers owned by local men which participated in the matinee races on the Fourth will also be entered for the two-day meet. The program calls for three harness races and running race each day and some of the events will require several heats. The races will be so arranged that the horses will pass the grand stand twice in each heat.

Twelve horses have been quartered in the barn belonging to Dr. A. B. Applebee and the fair association has leased several others. It is expected that at least eighty horses will be entered in the events before the entry lists close at midnight Tuesday. Any entries which show by the postmark that they were mailed any time before midnight tonight will be accepted.

The Fair association has ordered a tent two hundred feet long containing stalls for forty horses, and this will probably arrive today and be erected on the grounds as soon as possible.

Let the Weather Man tell you where to go this summer!

TURN, please, to the Weather Report in this morning's paper. This is about what you find:

65° in Yellowstone Park! 68° at Helena! 70° at Spokane! 71° at Portland!

May we ask a question: How hot is it where you live? What? Not really? It's been that way for a month? And will be for another month? Well,

Perhaps you do not realize it, but it is a fact, that in little more than two days—57 hours from Jacksonville, to be exact—you can be in Yellowstone Park. The time to other points where weather conditions are ideal is

In the Pacific Northwest

Helena, city of gold and romance..... 55 hours
Butte, greatest of the world's mining camps..... 55 hours
Absaroka Mountains and Grasshopper Glacier (Dude ranch resorts)..... 47 hours
Missoula, gateway to Flathead Lake and the Bitter Root Mountains..... 58 hours
Spokane, the Inland Empire..... 65 hours
Seattle, gateway to Alaska and the Orient.
Tacoma, Puget Sound Country..... 79 hours
Portland, Columbia River Country and Washington and Oregon Beach Resorts..... 79 hours

A three, four or five weeks' vacation in the Pacific Northwest gives you satisfying and enjoyable glimpses of eighteen mountain ranges, three of the greatest rivers on the continent, two National Parks and Pacific Ocean. Very much worth while!

INDEES WIN FROM KNIGHTS OF LITHUANIA

Locals Find Springfield Hurler For Fifteen Hits—Fanning Proved Mystery to Visiting Batters.

The Indies keeping up the pace they have set for the last three games defeated the Knights of Lithuania team of Springfield at South Side park Sunday afternoon by a score of 6 to 2.

The Indies found Grigiskis for fifteen hits. These safeties should have given them about twice the number of runs they made but poor work on the bases and also poor judgment at bat threw away many scoring chances. That was alright so long as the Indies were ahead. However, it would have tossed away the old ball game had the score been close.

Fanning was touched for eight hits, several of the scratch variety. But he was tight in the pinches and as the game progressed he got better. Ballog and Stankus were the only men to hit him effectively, and they were unable to do so with men on bases.

Both teams played a good game in the field, each having one error chalked up. The visitors pulled off two double plays while the locals made one double killing. The Indies entire infield played in fine style while Clark did good work behind the plate.

Stankus in center for the visitors made a fine running catch off the bat of Wheeler in the eighth while Kutskill in left pulled down a line drive off of Ruble and doubled Massinkoff at second.

The visitors scored one run in the first off of two singles and a batter hit. Their last came in the fourth on two singles and a wild throw.

The Indies got two in the second on French's double. Fanning's walk and a double by Massinkoff. Fanning did some great base running to score on the drive and Massinkoff took third on the throw to the pan but died when Wheeler fled to Kutskill.

A single by Ruble, a passed ball and two sacrifices put over one in the third. Three singles a hit batter, added one in the fourth. Two singles, and a hit batter gave one in the fifth. Two singles and an error put over the last run in the seventh. The score:
